

Clinical Scope and Evidence Tracker

Demonstrate breadth, level, currency and competence rather than case numbers alone

- ✓ Six structured planning stages
- ✓ Private writing space and evidence prompts
- ✓ Source, confidentiality and review safeguards

Prepared for SAS, locally employed and other UK doctors

Author: Dr N Aziz

Before you write

Use this on a trusted device or paper copy. Record authorised references rather than copying patient-identifiable, learner-identifiable or restricted employer material. Nothing is sent to SAS Doctors Review.

1. Required scope

Complete only what is relevant. Use factual language, cite current sources and ask an appropriate adviser to challenge assumptions.

Setting and patient group**Acuity and complexity****Emergency or on-call component****Procedure, decision or longitudinal care**

2. Responsibility

Complete only what is relevant. Use factual language, cite current sources and ask an appropriate adviser to challenge assumptions.

Applicant's actual role

Degree of supervision

Decision and escalation threshold

Accountability and follow-through

3. Activity denominator

Complete only what is relevant. Use factual language, cite current sources and ask an appropriate adviser to challenge assumptions.

Date range**Volume and case mix****Sampling method****Limitations of the data**

4. Competence evidence

Complete only what is relevant. Use factual language, cite current sources and ask an appropriate adviser to challenge assumptions.

Direct observation

Case-based assessment

Outcome or complication review

Supervisor synthesis

5. Currency

Complete only what is relevant. Use factual language, cite current sources and ask an appropriate adviser to challenge assumptions.

Most recent practice

Older evidence relied upon

Current maintenance bridge

Specialty requirement for recency

6. Breadth gap action

Complete only what is relevant. Use factual language, cite current sources and ask an appropriate adviser to challenge assumptions.

Missing area

Supervised opportunity

Assessment plan

Evidence completion and review date

Action summary

What must happen next?

Who owns each action and when will it be reviewed?

Which live GMC, specialty or employer source must be rechecked?

Sources and disclaimer

Use the current GMC application guide, curriculum, specialty-specific guidance and GMC Online instructions. National employer and deanery support differs.
