

Evidence Map and Verification Control

Make every evidence claim navigable, proportionate, confidential and trustworthy

- ✓ Six structured planning stages
- ✓ Private writing space and evidence prompts
- ✓ Source, confidentiality and review safeguards

Prepared for SAS, locally employed and other UK doctors

Author: Dr N Aziz

Before you write

Use this on a trusted device or paper copy. Record authorised references rather than copying patient-identifiable, learner-identifiable or restricted employer material. Nothing is sent to SAS Doctors Review.

1. Evidence identity

Complete only what is relevant. Use factual language, cite current sources and ask an appropriate adviser to challenge assumptions.

Stable filename**Source and date****Outcome mapped****Exact page or section**
